# COME TOGETHER ACT TOGETHER

In the crisis of this past year, inequality grew and women suffered. We hope to celebrate the joy of this festive season by ensuring we capture the essence of gifting for our customers while giving back to those who are in need.

And to embrace the spirit of giving this year, we are donating 10 sen from every purchase this November to December to Women's Aid Organisation to assist them with their work towards ending domestic violence in Malaysia.

Find out more on www.thebodyshop.com.my

WOMEN'S AID ORGANISATION (WAO) is a non-governmental organisation at the forefront of women and child rights in Malaysia.

Established in August 1982 by a group of dedicated volunteers, WAO had set up Malaysia's first women's shelter specifically for survivors of domestic abuse.

As gender-based violence became increasingly prevalent, WAO had risen to the challenge to provide essential services that would meet the needs of survivors.
